79, NO. 30

GROUND-BREAKING CEREMONIES were held Monday by the Bay St. Louis Housing Authority. The occasion was the beginning of construction of 65 new housing units to be constructed on property located on Old Spanish Trail in the Bay. Earl Raymond (L), chairman of the Housing Authority and Mayor Warren Carver of Bay St. Louis turned over the first spadeful.

Hancock County Fair Planned For November

J. Ruble Griffin, President, Hancock County Fair and Live-Stock Show Association, announced Monday that a Hancock County Fair would be held beginning, Monday, November 2, and run through Saturday, November 7, 1970. The fair will take place in the National Guard Armory and on its adjacent grounds in Bay St. Louis. In addition to Griffin, other officers are Louis Breux, President; James Ginn, Secretary-Treasurer; and a Board of Directors made up of the following persons: Leroy Hall and Gerald P. Perkins; Mrs. Gloria Smith and John Bordages; Mrs. J. Saleeby and Harold Garcia; Clement Har- rington; Billy Brelard; Tommy St. James; R. Kelly and Mrs. Duke; Waveland; Mrs. Betty Hanger; Haas; Hardin; Shat- ter; Billy Burrows; Dave Donald; and Lamar Smith, Bay St. Louis; Cleveland Wyatt; Wesley Haas; Kline; James

Ladner, Dedeaux; Kermit Ladner; Hilbert Deschamps; Mrs. Effie Cuevas; Standard; Clarence Ladner; Fenton; Tommy Shaw; Neelise Crossing; Paul Hartel; Crane Creek; James Royce Shlyou; Rocky Hill; B. L. Dossett; Catahoula; Donald Famularo; Flat Top; Paul Bounds; James Recker; Paulville Cuevas; Pat Bilbo; Lee-Town-Cassero.

Ex-Officio members of the board are the County Board of Supervisors; the Waveland Town Board and the Bay St. Louis Commission Council.

Plans for a Hancock County Fair were in the making last August when Camille disrupted them so the fair was postponed until this year.

While in the planning stage last year the 1969 Fair was said by some people to be the first Fair in fifty years and some were of the opinion that it would be the first Fair for the County.

Files of the Sea-Coast Echo reveal a county Fair was held at the Court House October 31, and November 1, 1917. This Fair was labeled as Hancock County's First Annual Fair.

The Sea-Coast Echo edition of November 3, 1917 gave a list of winners for their exhibits of vegetables, grains, livestock, poultry, canned foods and sewing. It also mentioned commercial exhibits displayed in booths on the first and second floors of the Court House. Among the latter exhibits were hardware, groceries, music, jewelry, lumber, naval stores while a bank exhibited the latest in adding machines and also had a money display.

The next issue of the Echo published November 10, carried a number of remarks by merchants and other businessmen who were enthusiastic about the Fair and hoped it would become an annual event.

Ed Hall Elected 1970 United Chairman

Edward Hall, recently elected by the Board of Hancock County United Funds, will serve as 1970 Chairman of the Funds Raising Campaign for that organization.

Hall's record of community service includes a year on the Board of Directors of the Hancock County United Funds, and now serving as vice president of that organization; a member of the Bay St. Louis Jaycees, and a member of the Hancock County Chamber of Commerce where he is active on the current membership drive; a member of the Bay St. Louis Rotary Club, and an officer in the Hancock County Civil Defense.

Since 1968 Hall has served as editor-publisher of the Sea Coast Echo. He was graduated from the School of Journalism of the University of Southern Mississippi in 1963.

Well known for his leadership toward building a better community, Hall has devoted himself to the cause of a better environment, better education, better housing, and a more meaningful life.

When interviewed, Hall said: "There are twelve separate agencies which will benefit from the United Funds during this year. They are: 1. American Red Cross; 2. Hancock County Retarded Children's Assn.; 3. Catholic Charities, Inc.; 4. Hancock County Emergency Relief; 5. Bay St. Louis Cypress District; 6. Gulf Pines Girl Scouts; 7. Gulf Coast Mental Health Assn.; 8. Hancock County Blood Bank; 9. Camp Onward; a Kingsley House Project which for the 3rd year is open to local children made available to local children; 10. Gulf Coast Family Counseling Available each Wednesday at the Hancock General Hospital by appointment; 11. United Service Organization in Gulfport; 12. Travelers' Aid Assn. of America."

Hall is married to the former Mary Brennan and they live in the Louisville Garden Apartments with their young daughter, Virginia Lynn.

Circuit Court Proceedings

Mrs. Irma Johnson Lemay, operator of a Bay St. Louis lounge and bar, was given a 5 year suspended sentence on Monday in the Hancock County circuit court and was placed on two years probation following the shooting death of Kenneth O'Neal Lewis. She was fined \$1,000 plus court costs.

Assistant District Attorney, Albert Necaise, recommended charges be reduced from Murder to which the Lemay woman had previously pleaded innocent and later changed her plea to "guilty". She was indicted by the Grand Jury on January 10.

Kenneth O'Neal, alleged to have been the woman's "boy friend" was killed following an argument attributed to jealousy. Mrs. Lemay is the mother of several children and now lives on Washington Street.

Pete Ellis, charged with statutory rape, was given a two year suspended sentence by Judge Harry Walker, fined \$500 and court costs and placed on probation for two years on Monday in the Hancock County Circuit court. Ellis, who previously pleaded innocent, changed his plea to guilty.

A judgment on the bond of Jerry Johnson, who failed to arrive in the Hancock County Circuit Court on Monday, was ordered by Judge Harry Walker. Johnson, ordered to appear in the morning session of the court, came in during Monday afternoon and requested that his trial be postponed until October 13.

Washington Trip Details Explained

While in Washington last week Commissioner Andre Arceneaux and Bart Stalder representing Hancock County met with Jim Lewis of the Office of Emergency Preparedness to discuss the problem of dead and dying trees, a Camille created hazard existing in this area. Lewis said he would take the report under advisement and attempt to seek funds earmarked for the removal of these timbers.

It was pointed out that dead trees are beetle infested and the insects are beginning to damage live trees. Dead trees are weak in structure and pose a very real danger of blowing over during a wind storm where they could obstruct traffic, or damage dwellings and business places. Already there have been several instances of dead trees damaging residences as they fell, especially in the area of the Old Spanish Trail and Spanish Acres.

Arceneaux said no firm commitment had been made, however, he is optimistic that O.E.P. will make funds available for this work.

Primary purpose of the visit to Washington was to seek an extension of time for the clean-up crews of the Corps of Engineers to remove debris and to re-open a period for the filing of applications. Arceneaux said his group did not get encouragement and were told all the funds allowable for this project had been expended. Arceneaux said about 50 applications had been received following the cut-off date and all but five were denied. The five exceptions were because applicants had been hospitalized and were unable to file prior to the deadline.

Date for removal at no expense to the owner of old automobiles and boats ended July 15 with only three applications being made in each category. Applications for demolition of unsightly structures were also sparse. Arceneaux stated.

Voters Urged To Register

C. O. Dufour, registrar of voters in the Town of Waveland, says as of Tuesday, July 21, a total of 1,010 voters have re-registered. To be eligible to vote in the primary, Dufour said, voters must re-register on or before July 31.

The office, located in the Town Hall of Waveland, is open for re-registration every day at 9:00 a.m., according to Dufour who added that the hours were from 9:00 a.m. until 4:00 p.m. on Monday, Tuesday, Thursday, and Friday and that the office closed at 12:00 (noon) on Wednesday and Saturday.

Voters are urged to re-register. Leo W. Seal, Jr., is Secretary of the Hancock County Democratic Executive Committee and he added: "All who vote in the municipal elections of Bay St. Louis or Waveland must re-register at both the Court House for the County election and the City Hall of either Bay St. Louis or Waveland."

Seal said: "It is of importance to remember to register in BOTH locations."

North American Rockwell-MTF Employees Receive High Award

The employees of North American Rockwell Corporation, Mississippi Test Operations, at the NASA Mississippi Test Facility received the Apollo Achievement Award this year in commemoration of the year anniversary (July 20th) the first landing on the moon.

The completion of Apollo met the national objective of a lunar landing and safe return to earth before the end of the decade.

Apollo 11 and some of the details of the lunar landing are now history but, not many innovations the program nurtured in all fields endeavor.

Cost of the program to land on the moon came in close to the original budget, a trick often duplicated these days. Apollo cost \$19.6 billion.

Chamber-Clergy Planning Service

A county-wide thanksgiving service is being planned by a special committee of the Hancock County Chamber of Commerce in cooperation with the clergy of all faiths throughout the county.

The program will be held on the anniversary of Thanksgiving, November 26, at the Hancock County Chamber of Commerce. The service will be conducted by the clergy with full participation and representation of all faiths throughout the county.

A detailed program which will be open to the public will be published at a later date. When plans have been finalized, the Appreciation Day Committee members from the Chamber are as follows: Nor-

Jaycee Wives Host Reception

Wives of Bay St. Louis Jaycees hosted a reception Monday night at the Jaycees home honoring Miss Kathi Blaise, Bay St. Louis' Miss Hospitality.

The honoree was introduced and presented a charm bracelet by Mrs. William Brelard. Miss Blaise told the group she was looking forward to going to Biloxi for the final phase of the Miss Hospitality contest and to meeting girls from various parts of her state.

Refreshments were served from a table centered with an arrangement of daisies and yellow, pom poms flanked by silver candelabra holding white tapers.

Mississippi's Miss Hospitality will be announced and coronation ceremonies will be held Saturday night at the Buena Vista Hotel, Biloxi.

Jackson Ridge Suit Date Set

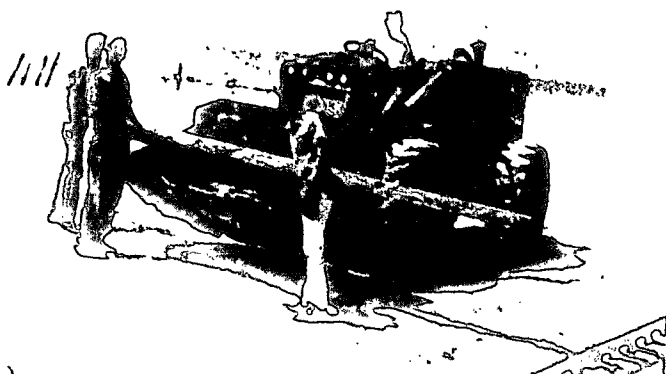

The injunction suit brought against the Hancock County Board of Supervisors, which would prohibit the Board from harvesting timber, from the General Fund to pay the balance of the suit was set for Tuesday, July 28, in Circuit Court at 10:00 a.m.

Workers Make Trip

The Belle Chasse State School located in New Orleans, Louisiana, was visited today by Mrs. Charles Giles and Robert L. Summers of the local School for Retarded children together with Mrs. C.R. Beyers of the United Funds organization. Purpose of the visit was to observe methods used in that school in dealing with problems of abandoned, discarded or retarded children within the jurisdiction of the school and with a view to learning something of the methods employed in dealing with these cases with a view to local application.

Mrs. Beyers says she is pleased with the progress being made in up-grading the community Retarded Children School system. Both teachers

are taking intensive training this summer and the Federal Government has granted a 75% fund toward defraying expenses in the formative period of the organization of the school in the Valena C. Jones building. Mayor Warren J. Carver has assured the organization that space will continue to be made available for the school within the city-owned Valena C. Jones building for the duration of his administration, and that there will be no charges for lighting and fuel.

Bridge Winners

Winners of games played Monday night at Gulf View Recreation by Bay-Waveland Bridge Club members were Mr. and Mrs. Dale Pierce, first; Mrs. L. W. Nybo and Miss Valerie Nybo, second, and Mr. and Mrs. T. J. Garner, third.

MR. LEE PERCY OF BABBITT, NEVADA AND FRIENDS ACCEPT DELIVERY OF HIS O.K. USED CAR FROM LAMAR-LANE CHEVROLET SALESMAN J.C. KOENEN IN BAY ST. LOUIS, MISS.

Mr. Lee Percy of Babbitt, Nevada, in military service was on leave and wanted to buy a car, but not a new one. He had been hearing about all of the good deals offered by Lamar-Lane Chevrolet from friends in this area so he visited them. At Lamar-Lane Chevrolet Mr. Percy was greeted by salesman J.C. Koenen. Mr. Percy talked it over with J.C. Koenen about the type of car he was interested in, and asked him what he had to offer. J.C. offered Mr. Percy a Lamar-Lane price on a O.K. Used car that was a very good deal and a money saving deal. Mr. Percy wanted to recommend J.C. Koenen and Lamar-Lane Chevrolet to anyone interested in the purchase of a dependable used car. If you're going to buy a car or truck, visit Lamar-Lane Chevrolet and ask for salesman J.C. Koenen, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. MR. Class Holds Reunion

St. Joseph's Academy Class 1955 held its 15th reunion with a dinner July 5 at Annie's Restaurant, Henderson Point.
Attending were Mrs. Alice Scaife Kromberger of Baskinridge, N.J., Mrs. Patricia Shadoin, Williamson, Montgomery, Ala., Mrs. Gracella Villalobos, Cuevas, Ocean Springs; Mrs. Kinta Kergosten Maloney, Mrs. Patricia Poolson Pitalo, Mrs. Kathleen Benigno, Fuent, Mrs. Mary Francis Ladner Seymour and Miss Janet Mott, all of Bay St. Louis.

Varied Program Set For Waveland

Waveland playground has become "Circle City" this week as children of the Recreation Program prepare for Wild West Week activities. Besides the regular program of games, sports and crafts, would-be cowboys and cowgirls are practicing for the Friday quick draw contest. What they're going to draw is still a matter for conjecture, but judging from past events, the "drawing" will be unusual, safe and above all, fun.

The week of July 27-31 is designated as Bicycle Week, already anticipated with much excitement. Coveted prizes for Friday's contest, besides the usual awards, will be two shiny bicycles, donated to the playground by Mrs. J. B. Barkley and Timothy Barkley, playground counselor.

David Green and James Sheppard, NYC workers assigned to the playground, have made a special project for two weeks reconditioning the bicycles for the two lucky winners. Children will have opportunities all through the week to gain points toward winning the bikes, culminating in competitive bicycle games on Friday, July 31. Waveland town marshal Fred Bourgeois will visit the playground to give a talk on bicycle safety and care.

A gala parade is planned for Friday with children riding decorated bikes, signaling opening of the day's contest. The general public is cordially invited to attend the playground pageants held every Friday, at Waveland School, Coleman Ave.

Highway Commissioner Explains Work Progress

Highway Commissioner W. H. "Shag" Pyron has removed a charge to contractors that they pursue with fervor their work on U. S. Highway 90 restoration projects along the Gulf Coast.

Always in close contact with construction progress, and mindful of the importance for haste as well as quality, the Commissioner has asked contractors from the outset to "be diligent in your endeavors on this important artery."

He has not made a big thing of his almost daily check into the situation because, as he stated for publication at this time, "results are the common goal of State Highway Department leaders and contractors."

The Southern District Commissioner, who once lived four years on the Gulf Coast with his family, reminded that in fairness to the contractors, it should be remembered that an uncommon amount of rainfall has slowed progress on the three emergency relief projects. Further, he said attempts to provide as much roadway as

possible for traffic while working on the heavily damaged highway certainly interfered with work uniformity.

Total cost of the approximately 27 miles of contracts for Highway 90 restoration will be more than \$9.6 million. The work was funded with federal money because Hurricane Camille damaged the U. S. route.

T. L. James and Company, Inc., has nearly 16 miles under contract from Henderson Point

to Gulfport's V. A. Hospital. From that point through Biloxi, a distance of 11.5 miles, Contractor Donald G. Lambert has the work.

Both contractors have paid repeatedly that they are proceeding with all their resources in an effort to complete the projects just as quickly as possible. They're still hopeful of finishing near the contracted completion dates.

Pyron has reminded coast motorists that the only recourse left the Highway Department, if work isn't completed by the specified time, is to effect contract provisions as written. This will mean collection of "litigated damages" from the contractors by the Highway Department.

The Commissioner nevertheless credited the contractors with realizing the importance of completing the Highway 90 work as soon as possible.

"They were aware of it already," he said. "But as much as I have contacted them about it, they had to know of my concern."

Hancock Athletes To Regional Meet

Four high school athletes will represent Hancock County, Mississippi, in the Southern Regional Junior Olympic games in Abilene, Texas, Saturday, July 25. They are Leanna Sams, Walden Curry, Roger Mayo and Dale Lolacano.

Leanna Sams who took a trophy last season in the class A girls 100-yard dash will enter the 100-yard event at Abilene; Walden Curry who holds the state record high jump as his leap of 6 feet and 6 inches was two inches better than the old record; and Mayo and Lolacano both won shot put events in district meets.

The trip for the athletes is sponsored by the City of Bay St. Louis; the Hancock County Board of Supervisors and the Bay St. Louis Parks and Playgrounds Commission. Other contributors will be recognized next week.

Winners of events in the Abilene meet will receive expense paid trips to the National Junior Olympics which will take place August 2, in Knoxville, Tenn.

Pearl River Accepting Applications

Applications are now being accepted for registration at Pearl River Junior College in their Vocational Education courses for September classes.

Bridal Shower

Miss Sharon Ladner, bride-elect of F. Raymond Chincie, was honored with a miscellaneous bridal shower Sunday afternoon at Our Lady of the Gulf Parish Hall hosted by Mrs. Thomas Godwin and Misses Le Suzanne, Barbara Docus, Fay Hellmers, Beverly Stechmann, Susan Hammer and Sandra Gayant.

The bride-elect's chosen colors, pink and purple, were used in the decorations. The honoree, who wore a beige tulle dress with matching accessories, and the mothers, Mrs. Alvin Ladner and Mrs. Peter Chincie, were each presented a corsage of white carnations with pink ribbon.

Games were played and the corsages, made of miniature kitchen gadgets worn by the hostesses, were given Miss Ladner.

For Women Only

By Mrs. Nance C. Plier

This week we have two great contributors to our column. They are Mrs. Douglas Bourgeois of 1112 North 5th Street in Monroe, Louisiana, who is passing along her favorite recipe for Pouch Cake with filling and Miss Dixie O. Parker who lives in Bay St. Louis and carries the community on Acadian Home Economics for Hancock County. We are grateful to both of them, and you will be, too, when you've tried their suggestions.

Mrs. Bourgeois writes: "With all the beautiful peaches in season you'd like this recipe. My sister tried it and found it delicious."

Pouch Cake
Cream 2 sticks of butter and 2 cups of sugar; slowly add 3 eggs, one at a time, beating one minute after each addition. Add 2 cups of flour, 2 teaspoons of cinnamon, 2 cups of peaches (about 8 in blender) and 3/4 cup peach juice (from canned peaches). Bake at 350 degrees for 30 to 35 minutes.

Filling
Mix in top of double boiler 1 cup sugar, 2 tablespoons flour. Add 1 cup evaporated milk, 1 beaten egg, 1 stick butter, 1 teaspoon vanilla, stirring constantly over low flame until thick and clear. Cool before using. (This recipe makes a 3-layer cake and filling).
Miss Parker says: "July 12-18 is Mississippi Pork Week, an appropriate time to include pork on your menu. Fresh Ham
Fresh ham, also labeled

fresh leg of pork, to a good way to diversify your menu. Its delicious flavor, tenderness and juiciness may be just the variety you need to tempt the appetite of your family.

If you are weight-conscious, you will be interested in the research finding that average fat content of three large muscles of fresh ham is 6 to 8 percent, less than many people believe.

The National Live Stock and Meat Board has recently completed a research project on pork cookery. This research at Iowa State University revealed that fresh ham can be adequately cooked when cooked to an internal temperature of 170 degrees Fahrenheit.

The average of this new lower temperature is less shrinkage and cooking loss. This means that the fresh ham requires approximately one hour less cooking time than similar products cooked to the formerly recommended temperature of 185 degrees Fahrenheit. The lower temperature will result in less oven spattering and less oven cleaning.

Roast legs of pork (fresh ham) in a 325 degrees Fahrenheit oven to a 170 degrees Fahrenheit internal temperature. If you don't have a meat thermometer, the approximate time table to follow is 22 to 26 minutes per pound for 12 to 16 pound legs with bone-in; 24 to 28 minutes per pound for 10 to 14 pound boneless legs; and 35 to 40 minutes per pound for 5 to 8 pound half-legs with bone-in.

Honored On 75th Birthday

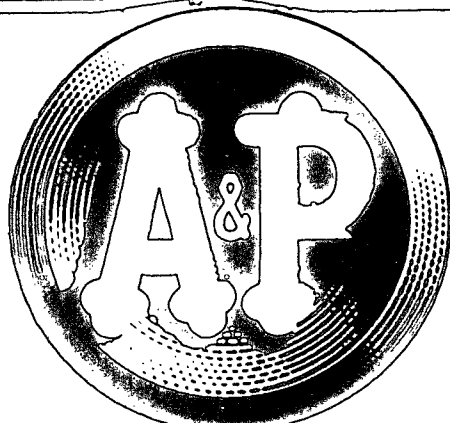

Mr. and Mrs. Don Decker were hosts of a surprise birthday party at Travis' Lounge, honoring their son, Mrs. Rosie Bourgeois on her 75th birthday.

The hall was decorated with colored streamers and balloons. Music for dancing was furnished by Bill Johnson and sons, Carley Lackey, Dolph

Birthday Celebrated

Jeanine Watson celebrated her third birthday Sunday with a party in the afternoon at the home of her parents Mrs. and Mr. James Watson, Elmwood Street.

Games were played and prizes won by Jerry Favro and Stephanie Cavas.

Guests included Jerry and Janelle Favro, Kelly and Donna

Shower Honors

A surprise luncheon shower honoring Miss Marsha Comprota, bride-elect of Richard Garbano, was given Monday night at the American Legion Home by Misses Elaine Blinto, Janet Kida and Mary Ann Smith and Mesdames Robert Comprota and Donald Comprota.

A color scheme of green and white was used in the decorations.

Gifts were presented from a green and white wishing well, and the honoree was given a corsage of miniature kitchen gadgets interspersed with ribbon. The mothers, Mrs. Tony Comprota and Mrs. Edith Garbano of Pass Christian were presented similar corsages.

Three, Ricky Walters, Darrell, Ricky and Mitch Hardie, Stephanie Cavas, Elaine Garbano and Pam Tallica, Mary Cameron, Amy Comprota, Jordan and Missy Bradford, Rob and Camille Comprota, Barry Adam, Todd and Jimmy Thriftley, Cindy, Richard and Brian Killa, and Mesdames Jerry Favre, Bessie Thriftley, Elin Walters, Rodrick Har- din, Donald Cavas, W. J. Cameron, Donald Comprota, Jordan Bradford, Robert Comprota, Randy Adam, James Thriftley, all of Bay St. Louis, Richard Killa and Mr. and Mrs. Douglas Tallica, Slidell, La.

Bridge Winners

Winners of the individual movement games played Monday night at Gulf View Haven by Bay-Waveland Bridge Club members were Miss Amelia Sciffo and James Bruce who tied for first and second place and Mrs. Harmon Mazaroldo and Mrs. Rayce Williams who tied for third and fourth.

MR. RONALD TRACEY OF WAVELAND AND HIS FRIEND MISS DONNIE ERNEST ACCEPT DELIVERY OF HIS O.K. USED CAR FROM JOE BERMOND, SALESMAN AT LAMAR-LANE CHEVROLET, INC.

Mr. Ronald Tracey of Waveland was interested in buying a dependable used car. His parents had purchased a car from Lamar-Lane Chevrolet and were very happy with the deal they got, so they sent him to Lamar-Lane Chevrolet. At Lamar-Lane Chevrolet Mr. Tracey talked to salesman Joe Bermond. Joe Bermond offered Mr. Tracey a O.K. Used car at a Lamar-Lane price that was a very good deal and it was just the type of car he was interested in buying. Mr. Tracey now has a dependable used car to take him back to his navy base. Many folks are finding out about the good deals offered at Lamar-Lane Chevrolet on used cars as well as new cars. Thinking about buying a new car or truck or even a used car or truck, visit Lamar-Lane Chevrolet and ask for salesman Joe Bermond, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. MR. BROWSING THROUGH THE BOOKS

FACT FOR THE COLLEGE-BOUND STUDENT

"Bear in mind that the wonderful things you learn in your schools are the work of many generations, produced by enthusiastic effort and infinite labor in every country of the world. All this is put into your hands as your inheritance in order that you may receive it, honor it, add to it, and one day faithfully hand it on to your children. Thus do we mortals achieve immortality in the permanent things which we create in common."

"If you always keep that in mind you will find a meaning in life and work and acquire the right attitude toward other nations and ages."

- ALBERT EINSTEIN

LEADERSHIP

To lead the people, walk behind them.

True leadership must be for the benefit of the followers, not for the enrichment of the leaders. In real life, officers eat last.

How do you spot a leader? They come in all ages, sizes, and conditions. Some are poor administrators, some are not overly bright. One clue since most people perse are mediocre, the true leader can be recognized because, somehow or other, his people consistently turn in superior performances.

- ALBERT EINSTEIN

IN UP THE ORGANIZATION

"As for the best leaders, the people do not notice their existence. The next best, the people honor and praise. The next, the people fear, and the next, the people hate."

When the best leader's work is done the people say, "We did it ourselves!"

SERVICE

Service, not years, is the standard by which life should be measured. Usefulness, not time, is what counts. It is the measure of greatness and goodness.

The world depends most upon the work of the "average man."

In life's marathon the genius is the hare and the "average man" the tortoise. And super-genius is COMMON SENSE impelled by love for mankind and supplemented with patience and perseverance.

- DEWITT MCMURRAY

Trip Planned

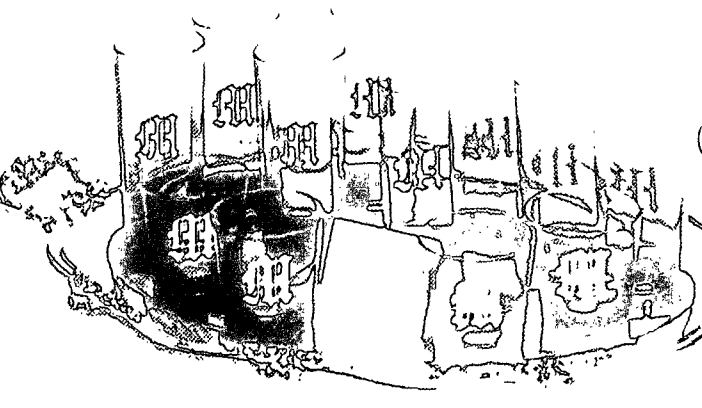

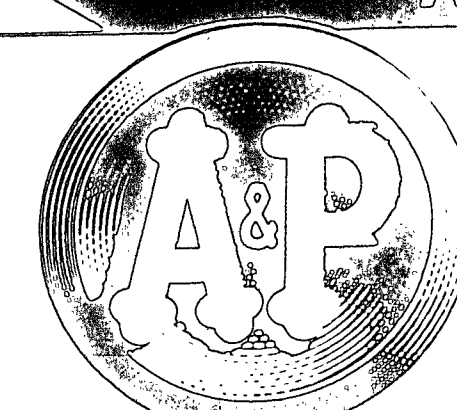

Boy Scout Troop 208 will leave at 7 a.m. August 1 from the American Legion Home for an eight-day trip to the Ozarks. Accompanying the group will be Watson Johns, Warren Bushler, Charles Scianna, John Rutherford Jr., James Kelly, Al Summy, Felix Seeger, Al Vetter and Roger Cruik.

MR. AND MRS. DAVID HINES

Wedding Held At St. Alphonsus

St. Alphonsus Catholic Church, Springfield, was the setting for the wedding Saturday afternoon of Miss Sharon Ward and David Hines, both of North

Groomsmen were Everett Hines, father of the groom, and Ben Schrieber. Rodney Gayn was junior groomsman and Jay Scarborough was ring bearer. Steve Trochesset and Jimmy Ward, brother of the bride, ushered.

Ralph Fernin, soloist, sang a number of appropriate selections during the ceremony.

The bride is the daughter of Mrs. Arthur Ward; the groom, of Mrs. Everett I. Hines, all of Biloxi, are the bridegroom.

Jack Smith performed the ceremony before a group of guests decorated with a large and colorful chrysanthemum and pom poms. The bride wore a floor length gown of Chantilly lace with a fitted bodice and a full skirt. Her shoulder length veil was attached with a cascade of white pom-poms and an orchid. The bride's sister, Miss Jo Ann Ward, sister of the groom, was maid of honor. Barbara Rogers, bridesmaid and Miss Kandance Ketumbe of the groom, was bridesmaid. Miss A. Scarborough, was her flower girl.

Serving the groom as best man was Rickey Williams.

ANNOUNCED JUNIOR COLLEGE - Mississippi is the state in the nation to have a planned system of colleges.

In 1928, the state was divided into zones with the idea of locating a junior college in each. This prevented "bushrooming" of junior colleges, and at the same time placed them within easy reach of every section of the state. Released by the Mississippi Economic Council

KANTCHA KETCHUM

By L.S. (Dag) Elliott

Of course the weather changes from day to day but for the week and as Nash Roberts said it was cloudy to partly cloudy with scattered showers. There were showers and down pours. It didn't affect the fish too much as both salt and fresh water fish were caught. Flounders during the night, being found most everywhere. Soft crabs being in the water but enough can be caught for a couple of home meals.

For the next week there should be low tides late in the afternoon and night, which are excellent for green snout, perch, flounder and cat crabs.

There is no trouble getting shrimp. They are giving good and can be purchased at seafood places. Plenty of croakers are being caught up Jordan River and out from with a few flounders and speckles thrown in.

With our fishing folks, Mr. and Mrs. Pete Porter have returned from a trip to Springfield, Penn., in the Armish Country. Plenty of rainbow trout are caught in that section. Pete and the Missus are both good fishermen and usually get their share of fish anywhere.

Paul Maloney III doesn't claim to be much of a fisherman. His favorite sports are skeet and trap shooting. Can't eat those things, buddy.

Joseph W. Gex holds the Louisiana State record for Oceanic Bonita a 24 pounder. He won 3rd place for the biggest Dolphin caught in a tournament sponsored by the New Orleans Big Game Commission. Not bad, fellow.

Bobby Stewart and son, Mike, nephew, Danne Horns caught some rainbow trout at Centrate, Washington.

Bob attended the wedding of his daughter Ann to Danne Roy last week.

Nicky Roussier and Marilyn are among our local anglers. Both love to fish and they bring them home.

Bob Wade owner of the Office Lounge said he is too busy right now to do much fishing. There will be other times, Bob.

Joe Gallo who has his home on Highway 90 is getting ready for a trip to Europe. His son Buddy and nephew Jerry Barreca and niece Linda catch their share of perch and cat fish. Joe does a lot of fishing himself.

Hardie Maloney and wife Mary collect coins and love to fish. Hardie is a grandson of Congressman Paul Maloney of La. who was a fishing buddy of Yours Truly.

George James is an iron worker who works the fish over also.

Jack Monahan does a lot of fishing. His hobby is catching shrimp and flounders. Pretty good at it, too.

There was a fishing rodeo for children last Friday held at the Jackson Bridge. Stanley Wolfman who is with Operation Upturn was in charge. Most of the kids brought their own poles and the counselors furnished about 16 to be sure that all could fish. These fishing rodeos for lunch. Food was provided by generous persons who donated food, drinks, or money for the occasion. Even though some didn't catch fish they were some.

Brother Leo Barker, S.C., principal of St. Stanislaus High School in Bay St. Louis, Miss., announced that Mr. Willis Ray "Bill" Poole has been added to the faculty for the coming school season. Bill will teach social studies and serve as varsity line coach for the football team.

Mr. Poole is a 1933 graduate of Natchez-Adams High School in Natchez, Mississippi. While in high school, he lettered in football, baseball and track. During this time he was an All-State catcher in American Legion baseball. He is a 1965 graduate of Copiah-Lincoln Junior College, Wesson, Mississippi, and a 1967 graduate of the University of Southern Mississippi in Hattiesburg, Mississippi. During his college days he was a letterman in football and baseball.

Before coming to St. Stanislaus High School, Bill taught for three years at Harrison Central High School in Lyman, Mississippi. His coaching duties included serving as assistant football coach and head baseball coach. He is married to the former Carolyn Ann Runnels of Magee, Mississippi.

Barre. Henry is a musician and likes his fishing. Better spend that vacation here, fellow.

Dr. Emile Bertucci and Yours Truly went after green trout. Caught a few between showers. Doc is a busy man right now fixing up Tide Water, his home at Fenton and building a new hospital. There will be plenty time to get 'em, Doc.

Ever hear what the wife said to her sick husband "What do you mean you have nothing to live for? The house isn't paid for, the car isn't paid for, the TV isn't paid for and..."

Luke and Sue Elliott are the proud grandparents of a grandson, their first. How about that?

Dr. and Mrs. Gerald Morgan came down from Hattiesburg to visit Mrs. Morgan's parents, Al and Mrs. Marcella. No time to fish, they claimed, on this trip.

Was sorry to hear of the death Sunday of Fred Garner our friend and real sportsman. Fred enjoyed his hunting and fishing. He was the brother of Roy Garner. Sympathy is extended to the family.

For you members of the Bay-Waveland Gun and Rod Club there will be a meeting of the organization on July 30, 8 p.m. at the American Legion Home on Green Meadow Road. Be sure to bring in the stubs for the building fund. Don Caldwell pays there will be a Shrimp Supper before the meeting. Remember the date and place.

Buck and Doris Croal are another of our regular fishing couples. They showed us some speckles and croakers they caught down Bayou Caddy way. Not bad, fellow.

Wayne Colson is one of our young local fishermen. Wayne likes all kinds of fishing. He caught some speckles by the Railroad Bridge last week and weighing 4 lbs. and a 3 lb. red fish.

Speaking of the Railroad Bridge there is no better place to catch all kinds of salt water fish the year around. Fishing from the bridge is prohibited but you can anchor your boat near the bridge. Specimen are coming in fast.

Henry W. Kamble was over visiting his friend Ralston

Library Gives New Service

The City-County Public Library recently purchased an A. B. Dick Copying Machine to enable a more extensive service to students and research workers. The decision to buy the machine was made Monday evening when the Board of Trustees of the library met and heard a report made by Mrs. Mildred Means, Book Mobile librarian, on the Jackson seminar she recently attended. The talk covered the subject of reference materials most thoroughly.

Mrs. Alice Prindiville, coordinator for the library said: "Our City-County Library has a fine Reference Section. Actually we have more reference books than basic requirements for a library of our size." Other signs of growth within the library were evidenced by a report on comparative circulation for the months of April, May and June of 1969 and the same months for 1970 and show that circulation has more than doubled. The Book Mobile has also added several stops in order to better serve the County and are cooperating with Waveland's Recreational Park.

A. M. Thomas, Rev. Bernard McDonald, pastor St. John's Church, has expressed thanks to all who helped make the fair a success.

MR. DANNY BESANSON OF PIAUNE, MISS., ACCEPTS DELIVERY OF HIS 1970 CHEVY PICKUP TRUCK WITH AIR CONDITIONING AS HIS MOTHER WITNESSES THE BIG EVENT WITH LAMAR-LANE SALESMAN JOE BERMOND.

Mr. Danny Besanson wanted to buy a new pickup truck, and he wanted one with air conditioning because he knew that it would make a more comfortable ride on those hot summer days. He shopped around a bit and since he had been reading the ads about the good deals offered at Lamar-Lane Chevrolet, he decided to pay them a visit. At Lamar-Lane Chevrolet he was greeted by salesman Joe Bermond who gave him a Lamar-Lane price on a Chevy pickup truck in stock with air conditioning that was just the type of truck he wanted to buy. The price he received from Joe Bermond was a very good deal and he is happy that he took the short trip to Lamar-Lane in Bay St. Louis as it saved him many dollars. Looking for a place to buy a new car or truck, visit Lamar-Lane Chevrolet and ask for salesman Joe Bermond, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. MR. Mrs. Ada Edel has had a sister-in-law Mrs. Frank of New Orleans, as her guest for the past four weeks. Visiting Mrs. Edel the weekend, were Mrs. Carver, Mr. and Mrs. Purcell, and their daughter, Mrs. Edgar, Tommy Purcell, Chris Chazotte, and Gary Chazotte, New Orleans.

George Thorming, grandfather of Mr. and Mrs. A. R. of Market Street, went surgery in New Orleans last week. Visiting Thorming in the hospital her sister Mrs. Chris Ball of Decatur, Alabama, her grandparents, Mr. and Mrs. Jenkins.

Mr. and Mrs. Coleman of Somerville, Tenn., in Waveland this week for a weekend visit with his brother "Slim" and Mrs. Jenkins.

Monday we went fishing up the River way. The fish were so good until I turned back and got some good Country and Western. Then we caught white and croakers as fast as could bait our hooks. I've never had that fish like music—believe it. Too bad there are not as many as boat operators who fish. We broke and a nice man towed

us in to where we had launched, and all stopped to offer assistance. Can't say anything good for operators of speed boats pulling oldsters. They seem to be trying to kill anyone and everything that gets in their way.

Mary Green and Dabra LaFontaine spent two days in Piquette visiting Mary's sister Mrs. Louise Dillard on Sycamore Road.

Mr. and Mrs. George Gollor and granddaughter Cindy of New Orleans were house guests of Mr. and Mrs. A. R. "Slim" Jenkins.

Miss Sherrill Ladner gave a party Friday evening in her Ansoy home entertaining a group of her schoolmates.

Mr. Harold Bentley drove to Florissant, Mo. (outside St. Louis) for a weekend visit with his family.

Enjoying a day of shopping and lunch in Gulfport Saturday were the Misses Margie Skinner, Mary Green, and Dabra LaFontaine.

Saturday we started out to get our fishing licenses renewed. Our first stop (where we had always bought them) was Gulf Thrifty Drugs. They no longer sell them and we were sent over across Bay St. Louis to Kingston's Barber Shop. He was out of plain fishing licenses and suggested trying Alvin Lad-

Fish Facilities To Be Increased

Chicken Chef Systems, Inc., Jackson, Mississippi has purchased an interest in Aqua-Genetics, Inc., Concord, Massachusetts, according to a joint announcement made by Morio J. Thomas, President of Chicken Chef and Robert W. Franklin, President of Aqua-Genetics. Thomas said this move was made to provide a close tie with Fish Services, Inc., a Chicken Chef subsidiary that is embarking on a totally integrated catfish production operation, and Aqua-Genetics will specialize in genetic breeding and improvement of catfish.

Aqua-Genetics will establish its permanent base of operations at Fish Services' Hancock County Fish Farms facility near Bay St. Louis, Mississippi. Temporary facilities near Morgan City, Mississippi, are now being used pending completion of construction at the South Mississippi site.

The poultry industry illustrates what can be done by controlled genetic and pathologic research and Aqua-Genetics hopes to apply these same research techniques to produce a superior strain of catfish for sale to the rapidly growing catfish industry. Initially channel catfish will be included in the program but eventually blue catfish, white catfish and other broods will be incorporated with the goal of possibly producing hybrid strains of catfish with improved growth and performance characteristics of the resulting progeny that are superior to either parent.

THE JAYCEE CREED

We believe:
 That faith in God gives meaning and purpose to human life;
 That the brotherhood of man transcends the sovereignty of nations;
 That economic justice can best be won by free men through free enterprise;
 That government should be of laws rather than of men;
 That earth's great treasure lies in human personality;
 And that service to humanity is the best work of life.

HANCOCK COUNTY

PUBLIC BUILDINGS

Source: Hancock County Studios Conducted by the General Electric Co.

ABOVE RIGHT ARE THE PRINCIPAL PUBLIC BUILDINGS IN HANCOCK COUNTY. MOST OF THESE BUILDINGS ARE OBSOLETE, HURRICANE DAMAGED, OR IN SUBSTANDARD CONDITION. VEHICLE ACCESS IN MOST CASES IS DIFFICULT AND THE FACILITIES ARE IN MANY CASES OVERCROWDED. NO CENTRAL MEETING AREAS ARE AVAILABLE IN GOVERNMENT BUILDINGS, AND PARKING IS A SERIOUS PROBLEM. IN MOST LOCATIONS, PLANNED EXPANSION IS IMPOSSIBLE.

FROM THE ABOVE, IT IS OBVIOUS THAT AN IMPROVED GOVERNMENTAL CENTER IS ESSENTIAL. WE RECOMMEND THAT THE ABOVE BUILDINGS BE REPLACED WITH ONE COMPLEX AS IS SHOWN BY THE GENERAL ELECTRIC COMPANY'S PRESENTATION ON HANCOCK COUNTY. WITH SUCH A COMPLEX, A BETTER AND MORE EFFICIENT GOVERNMENT IS POSSIBLE.

ADVANTAGES OF CIVIC CENTER COMPLEX

- CONVENIENCE TO THE PUBLIC IN TRANSACTING BUSINESS THAT REQUIRES VISITS TO ONE OR MORE PUBLIC AGENCIES.
- PUBLIC CONTRACTS ARE BETTER FACILITATED AMONG OFFICIALS WHO HAVE INTERRELATED RESPONSIBILITIES ON MANY PUBLIC MATTERS.
- PROVIDES FOR THE AESTHETIC SIGNIFICANCE GAINED BY EACH BUILDING WHEN IT IS AN INTEGRAL PART OF A HARMONIOUS COMPOSITION.
- CENTRALIZED LOCATION CONSIDERING FUTURE CENTROID OF POPULATION FOR COUNTY.
- UNIFIED CIVIL DEFENSE SYSTEM.
- COMBINED CITY-COUNTY POLICE FUNCTIONS.
- SIGNIFICANT COST SAVINGS IN FACILITIES OPERATING COST.
